

Learn. Connect. Do.

Planning your LiveDifferent Day.

Having meaningful conversations
about things that matter.

LiveDifferent

LiveDifferent Circles helps young people explore important values, build stronger relationships and get activated in kindness—leaving your youth more compassionate, resilient and hopeful.

Our desire is to craft a visit to your school that empowers your students and helps you achieve your goals for your school. Through assemblies, culture-shifting workshops and leadership training, we want to leave a lasting impact on your students.

Helping identify your needs

One-Hour Assembly

Are you looking for a rallying point for all your students? Do you need a way for your school to collectively be connected and encouraged? If so, developing your LiveDifferent Day around a Circles Assembly or multiple Circles Assemblies might be the way to go.

LiveDifferent Day (1 or 2 day programming)

Is there a need to invest in and empower the students and the student leaders in your school? Our Compassion in Action Workshop and Circles sessions are a great way to craft a day for both students & your student leaders. If developing new or current leaders in your schools is a goal, our Leadership Experience would be the perfect fit.

Circles Program

(One-time use or one year license)

Included within our visit to your school is a free single-use Circles program license for a classroom or group or \$500 off our full school wide Circles peer-mentorship program. If you would like our visit to have a year-long impact, then we can prioritize training your student leaders to run the full Circles program while we are at your school. You can find out more about that [here](https://livedifferent.com/circles/peer-mentorship/).

Programming options

Circles Assembly

60 mins

Utilizing our 51ft wide, three-screen production, our Circles assemblies harness the power of crowd interaction, live storytelling and engaging video to unpack the topics of Empathy or Altruism (Kindness). We craft our presentation around the inclusion of student voices from your school, as well as using the latest technology to keep our message engaging and relevant.

Circles Workshop

60 mins

These Circle Sessions are the backbone of our youth programming and provide the opportunity for students to truly connect and explore meaningful conversations about things that matter. Students can experience any one of our 6 Circles sessions in a library, auditorium or larger gym format. Breakout Circles discussion groups will be facilitated by our team and nominated teachers.

The session topics are:

- Authenticity
- Empathy
- Growth Mindset
- Resilience
- Altruism (Kindness)
- Values and Priorities

Compassion in Action Workshop

60 mins

In this fast-paced 1-hour workshop, students will be activated to complete several compassion projects in your school. This is a fun, feel-good workshop that allows students to apply kindness in a practical way, in real-time.

Circles Leaders Experience

90 mins

Students will walk away from this workshop with a deeper understanding of their potential as a leader amongst their peers. They will learn how to facilitate thoughtful conversations and how to better cultivate a culture of kindness within your school. By focusing on the key principles from our Circles leadership training, student leaders will gain some practical tools to foster empathy and develop a desire to see more authenticity in their relationships.

Sample schedules

This is just an example of what LiveDifferent's programming components & time frame might look like. All events can accommodate as few or as many students as you like. Please speak with LiveDifferent staff to create a schedule that is tailored to your community or school! This is a great option for those interested in purchasing the Full Circles Peer-Mentorship Program.
